

NEWMAN

SANITARY GASKET COMPANY

Products of integrity...from people of integrity.

EXTRUSIONS

EXTRUSIONS

Newman's extrusion capabilities are available in straight lengths or in bonded shapes to form an endless component. Newman can extrude a custom profile (limited to 1" in diameter) from 2 feet to 50 feet** in lengths from our Buna-N, Viton®, and EPDM compounds.

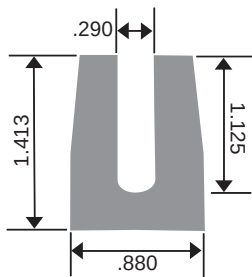

Custom extrusions can be made to your specifications in compounds that meet FDA, USDA, and 3-A Sanitary Standards certifications. Our specially formulated compounds make Newman your number one source for these superior FDA required components. We currently have several standard extrusion molds available for your use. The column on the right shows some of the profile and dimensions of the extrusion molds that are in stock along with a photo of sample end profiles from various compounds.

** 5 feet - 20 feet lengths is customary; limited profiles available in 50 foot rolls

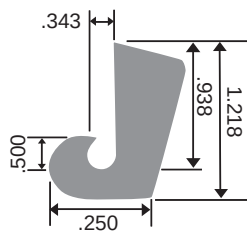

Sheet Material

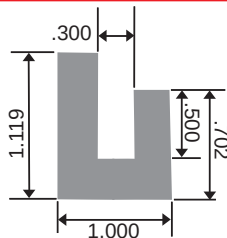

Newman Sanitary Gasket Company is currently making available our high quality sheet material made from our own specially formulated compounds. Sheet material is available in various thicknesses and in 36" standard width. Material can be ordered by the linear inch and is most suited for die cutting parts.

MANHOLE & SIGHT GLASS GASKETS

for all tanks, single and double flanged styles

EPDM is excellent for use with deionized water and steam applications. It is available in style #402-6229 and #41186-B.

FDA Buna-N Manhole Gaskets

Part No.

- * 41186-B (vulcanized endless)
- * 402-6229 (vulcanized endless)
- * 964-222 (vulcanized endless)
- * 932-398 (vulcanized endless)

Universal Gasket will fit all standard size 16" x 20" doors, with the exception of Pfaudler. When ordering a non-standard gasket, the circumference of the door is required in order to provide correct size and fit.

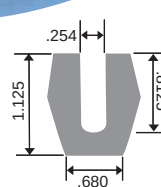

** Available in non-standard lengths by the foot for your fabrication.*

Sight Glass Gaskets

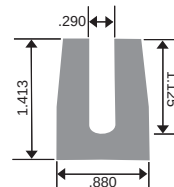

Part No. Glass Size

10122-B	4" x 1/4"
4011000	4 1/2" x 1/4"
B18757A	7 1/2" x 1/4"

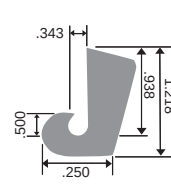

Will fit any sight glass of these dimensions regardless of manufacturer.
