

THERMAL - GARD™

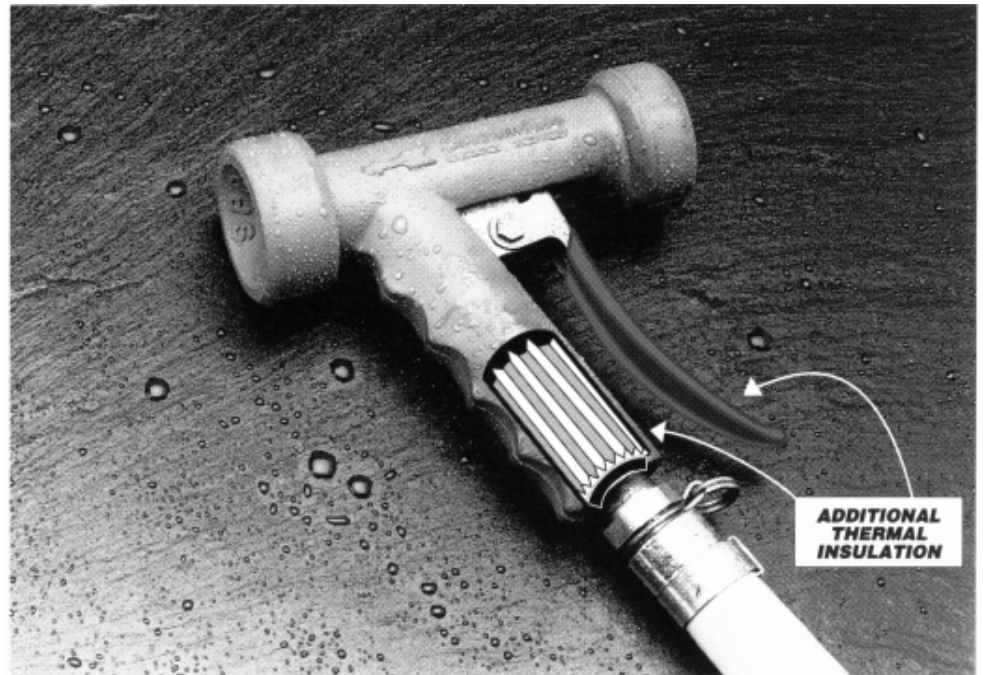

Elevated Temperature Hot Water Spray Nozzles

S.W.E.
INCORPORATED™

MADE IN U.S.A.

MODEL S-151 HT

FITS COMFORTABLY IN
YOUR HAND, UNLIKE SOME
BIG AND BULKY MODELS.

FURNISHED WITH STAINLESS STEEL SEATS

FEATURES

- **Thermal Insulating Sleeve** substantially reduces overall heat during elevated temperature conditions.
- **Lever Handle** stainless steel lever is coated for additional thermal protection, and operator comfort.
- **Operator Comfort** Thermal-Gard™ nozzle protects the operator from extreme hot water temperatures that exceed the comfort zone of standard hot water nozzles.
- **Lightweight** aluminum alloy body substantially reduces overall weight.
- **Corrosion Resistant Body** is electroless nickel-plated for additional corrosion protection.
- **Dual Ergonomic Design** lightweight construction reduces operator fatigue, and potential tunnel carpal symptoms. Also protects the operator from the discomfort of high temperatures.
